My dear Fraser :—

Many thanks for your kind letter of January 25, informing me of the recent condition of your Bank and of Mr. Reynolds' retirement from the chairmanship of the Board. I am so pleased to learn that you are enjoying sound health and your Bank is making an excellent record under your management.

The China Incident is certainly an unfortunate occurrence, and it is a matter of deep regret that Japan's stand and real intention are not fully understood in your country. I should be very glad if you would be good enough to advise me of your frank and unreserved opinion on the subject.

The Incident has now entered upon a constructive stage and spirit of renaissance is sweeping over China. I believe that permanent stability in the Far East, when secured as the result of the Incident, will not only bring a blessing to the people of this part of the globe, but also put American economic activities in the East Asia upon a far more solid foundation than at present.

Manchoukuo is making a remarkable progress in every way, especially in its economic and industrial fields. Rich mines are discovered one after another and being exploited on a large scale, while various new industries are speedily developing. In order to speed up the development of this new country, of course we need much money for the time being; don't you think the importation of American capital into Manchoukuo is feasible?

Vertical Chinese calligraphy in a red-bordered box, likely a reply or a related note.

Our Bank's business also shows a good record. All these state of affairs are summerized in my speech at the recent stockholder's general meeting of the Bank, English translation of which will be ready shortly, and be sent to you some-time next month. I hope someday you could come to this country to see personally the actual conditions of development.

With my best wishes and kindest regards to you and to Mr. Reynolds.

Very sincerely yours,

Mr. Leon Fraser,

of the City of New York,

Dear Mr. Consul-General :-

Thank you for your kind letter of May 13, the contents of which I duly understand.

It is most unfortunate that there occurred such a misunderstanding as therein mentioned. It goes without saying that mutual understanding and cooperation are most important to smooth working of functions.

With regard to the matter mentioned in your letter, I wish you to know that I have already taken necessary steps through the proper channels, but I do hope that Mr. Lyon-Mackenzie will take his initiative in order to settle the matter smoothly and friendly.

I have also replied to Mr. Hall-Patch, stating that there existed in this country no such discrimination against foreign banks as mentioned in his recent letter.

Trusting that it may be satisfactory to you and with my kindest regards,

Personal

My dear Mr. Hall-Patch :-

I am so much pleased to read your personal letter dated February 1st, 1939, which was handed over to me by Mr. White, Consul-General at Mukden. Several weeks ago Mr. Leon Fraser wrote me a letter in which he informed that he had seen you several times in New York and talked about me.

It is quite regrettable to know that the information of the alleged discrimination against British banks in Manchoukuo has caused so much concern in the financial circles of your country. But as far as I have ascertained, there existed no such discrimination as mentioned in your letter. I am firmly convinced that fair treatment is a fundamental principle of the trade policy of Manchoukuo, as long as other countries maintain the same principle and attitude toward this country. Under the present circumstances, however, where the exchange control is strictly in force, it is practically indispensable on the part of this country to make some special consideration with regard to granting exchange permit according to the kind of merchandise. And in some cases where certain special arrangements regarding payments for merchandises exist, it may become unavoidably necessary to appoint definite exchange banks. Beside such exceptional cases, no discrimination is being made against negotiating banks without good reasons. It comes to my notice, however, that the insufficiency of contact on the part of foreign banks with Manchoukuo authorities sometimes interrupts normal working of functions.

I have been making every endeavour to promote mutual understanding and cooperation among all the monetary organs in this country, but unfortunately an incident happened recently in Harbin, it was reported, that a British bank had rejected the invitation to join the Bankers' Association of Harbin. Inasmuch as personal contact and frank exchange of opinion are conducive to mutual understanding and smooth running of business, I earnestly hope that foreign banks in this country will collaborate with us for the realization of national policies of Manchoukuo, in a more cooperative and friendly spirit.

Thanking for your kindness and courtesy and with my best wishes,

Dear Mr. D. W. Kermode,

On behalf of our Governor Tanaka who is now travelling in China, I beg leave to reply to your letter of March 2. The copies of the "Illustrated London News" and the Weekly Edition of the "Times" which you were so kind as to send to our Governor have duly been received, for which I thank you very much. I have found them quite interesting and as a valuable record of passing European events.

Your gift will be handed to Mr. Tanaka upon his return to Hsinking in a few days. I should highly appreciate it if you would kindly furnish our Chugin Club with another set of the same copies.

Thanking you again for your courtesy accorded to our Governor,

I am, Sir,  
*very truly yours*

Tsunejiro Mori  
Chief, The Secretarial Dep't.

Sehr verehrter Herr Gouverneur,

Zum neuen Jahr möchte ich mir erlauben,  
Ihnen meine herzlichsten Glückwünsche zu  
übersenden. Möge es Ihnen trotz des  
europäischen Krieges gelingen, auch  
in Jahr 1940 die hervorragende Arbeit  
fortzusetzen, die Sie in den letzten  
drei Jahren für die Entwicklung  
Mandschukuos geleistet haben.

Ich erinnere mich mit Vergnügen der  
verschiedenen Unterhaltungen die ich  
in Hsinking mit Ihnen zu haben die  
Ehre hatte, und ich kaum mir lebhaft  
vorstellen, was Sie über die jetzige  
Lage in Europa denken. In Berlin  
bemerken wir, abgesehen von der

Verdankung nicht die von Krieg und  
im Volk lebt überall die Zuversicht,  
dass diese Krise nicht länger als ein  
Jahr dauern wird und dass er wesentlich  
günstiger für uns enden wird als der  
letzte. Ich hoffe, dass in jedem Fall  
die Beziehungen herzlicher Freundschaft,  
die Deutschland und Japan und Mandschuko  
verbinden, nicht nur der Krise überleben,  
sondern auch während des Krieges die  
Wiederhernahme des vorher so blühend

My dear Dr. Karl Knoll,

With many thanks I have received your kind letter of September 21, 1939, through Mr. K. Kitamura of the Yokohama Specie Bank.

A New Year has come along, and please accept my hearty season's greetings. I feel much grateful for the sincere friendship and sympathy you showed to me all while you stayed here in Hsinking and at the same time, I highly appreciate the brilliant service you made here towards promoting the friendship between your country and Manchoukuo.

I am glad to report to you that Manchoukuo, though facing unfavourable circumstances of the world economy, is developing steadily. Of course, I am doing the utmost endeavour to fulfill my duty, hoping to meet the expectation and confidence you repose in me, and I trust you also would do your best in helping our country's economic development through the trade and other channels. Hoping that you will enjoy the best of health and praying that good luck will always be with you,  
Yours very sincerely,
